**Hair:**

*Color of choice. Pieces of 10 cm.*

Remove the feelers and insert a piece of skewer so that you can find the holes where the feelers should go afterwards.

Start in the 4<sup>th</sup> row above the eyes. Work in an oblique line down to 4 rows below the ear. Knot the hair, use every stitch on every row up to the crown. At the back of the head you can safely skip 1 row in between.

Cut the threads at a height of approx. 3 cm. Then comb them with a dog comb until fluffy. Once the whole haircut is done, trim the hair a little more until you see the tips of her ears.

**TIP:** Cut and comb the hair after every 2 rows of knots. This is slightly easier than combing everything in one go afterwards.

**Hair knotting method:**

Insert your crochet hook into the head, (photo 1), take your thread double and pull it through (photo 2), wrap the thread and pull it through the loop (photo 3).

**Cottage:**

Using **white**.

**Note:** some rounds do not take into account the marking of the tour. Just follow the pattern is the message. ☺ We also do not fasten off the colors, but leave the thread hanging on the inside of the house so that you can easily pick up the thread again at the color change.

**We are going to start with double crochet instead of chainstitches. For those who do not know how to do this, can view this link. Wendy Rademaker explains it very well.**

**Fasten off leaving a longer piece of thread.** Wave thread through the front loops and pull, so the gap will close. Hide loose end.

Sew the shell in the remaining loops of the body where you worked the white border. 1 stitch per remaining loop!

- \* Thread the satin ribbon through the holes at the color change on the dress.
- \* Make a bow in the front with the ribbon.
- \* Apply some decoration.

**Done!! Enjoy 😊**
