1. Embroider a nose between the eyes and a mouth 2 rows beneath the nose. Put some blush on the cheeks and add some eyelashes if wanted ☺

***Hair:***

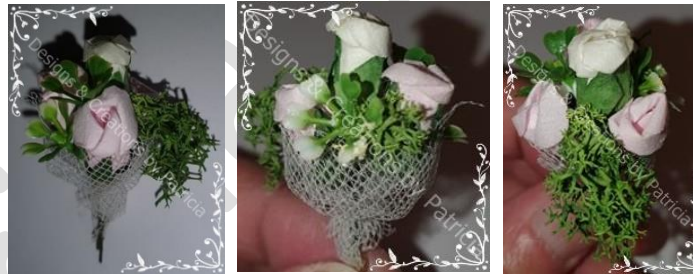

*In the color of choice. Cut threads of +/- 20 cm .*

*Pin the desired hairline. Start in the 2<sup>nd</sup> row above the eyes and go down in total to row 10 (counting from the magic ring). Knot the hair on the hairline. Use each stitch for the further filling of the hair. After knotting I combed the hair and then worked with the hair straightener, but you can of course comb it to your own preference. ☺*

**Method:** Insert the hook in to the head (photo 1), take your thread double and pull it through (photo 2), wrap the thread around the needle and pull it through the loop (photo 3).

4. *Make a small bouquet of flowers. All my used materials come from the Zeeman and Action.*

5. *Sew or glue the veil to the head and finish with some flowers or whatever you like☺*  
 6. *Sew the bow tie of the groom with a small stitch under the chin, where white and skin color meet.*

***Ready!! Enjoy! ☺***
