Fill the head firmly. Position your eyes on the marked row 41 approximately above the ribbons. Leave 4 stitches between the eyes. If you are satisfied with the position, remove the filling and place the safety caps on the eyes. Fill back up firmly.

Rnd 51: *sc 3, dec* x 6 **(24)**

Rnd 52: sc in each stitch **(24)**

If you want to hang it up, prepare your cap now. Make a hole in the middle in the bottle cap (be careful with your fingers ☺) double your ribbon and make a strong knot at the ends (see photo). Put your thread through the cap so that the knot is on the inside. Now fill the head firmly and place the cap in the opening. (you can also use regular wire, but make sure it is sturdy). Follow the pattern further.

Rnd 53: sc, dec, *sc 2, dec* x 5, sc **(18)**

Rnd 54: sc in each stitch **(18)**

Rnd 55: *sc, dec* x 6 **(12)**

Fasten off with a longer thread. Thread the thread through the front loops and close the hole. For those with a suspension wire, make sure that it comes out in the middle of the opening.

2. Fold the tip to the side and pin it.
3. Take your needle and insert it at the top in the middle with the eye of the needle down through the cap. Hold the needle and release the pins. You can now see the eye of the needle on the inside of the hat. Insert your ribbon here now. In this way the ribbon is already nicely in the middle at the top ☺
4. Re-pin the hat and sew on.
5. Apply some decoration to the hat.
6. Embroider a mouth.
